KAINGA ORA RESPONSE TO NEIGHBOR'S QUESTIONS

The following are responses from Kainga Ora to a series of questions we raised:

"The approach I've taken to responding to the questions is to group them into themes as many overlapped, and much of the information is available on our website. I've added links to where you / the community can find out more. As you'll no doubt be aware, Kāinga Ora has some new direction from the government and is going through change to shape our delivery accordingly. Any changes will be updated on our website as they take place.

We have also recently launched a new website and interactive map for the Howick local board area. It shows where are development sites and acquisitions are in the area, along with FAQs. We will be updating the map on a weekly basis. <https://letstalk.kaingaora.govt.nz/howick/>
