EASTERN BUSWAY – RESIDENTS' CONCERNS HEARD

Construction Noise and Sleep Disruption Affecting Local Families
Recent reporting by Eastern Times has highlighted concerns from East Auckland residents experiencing disrupted sleep due to loud, rumbling overnight construction associated with the \$1.4 billion Eastern Busway project.

Huntington Park residents have also raised concerns about construction-related disruption and its impact on their daily lives. Your Association Has Been Taking Action!

The Huntington Park Residents & Ratepayers Association has been actively representing our community by:

- Collecting feedback and concerns from affected residents.
- Conducting community surveys and compiling feedback reports.
- Submitting collective feedback and survey findings to the Eastern Busway project team and the Local Board.
- Advocating for residents' concerns to be heard and appropriately addressed.

Your voice matters. We encourage residents to continue sharing their experiences and concerns with the Association.

Together, we can make our community's voice stronger.
